These cards are for a basic game equivalent using a zone defense

The cards consolidate the offensive play cards with the solo defense play cards

However, they are constructed based on analysis of plays using combo, man to man, double teaming and keying

They incorporate both the d20 and d12 whereby the d12 adjusts the defensive outcome

For example, observe the ProSet #2 HB Dive vs 4-3:

Assume d20 of 14, the HB "A" rating and the RDT "A" rating

Observe the d12 and if 1,2,3 or 4, the MLB will have stacked with the RDT. Assuming both players are rated 3, use $3+3+1$ (stack bonus) as the defenses total rating points

However, if the d12 is a 12, then neither the RDT nor the MLB ratings are utilized and the offense (HB) wins automatically.
